The way we think. Exciting features. Distinctive designs. Entirely new products. They're what the world expects of us. And they're what we expect of ourselves. Because we're driven by the thought that even when it's perfect, it can be better. It's why we continually reinvent even our own successful products. And it's a way of thinking that consistently results in products with more power. More productivity. More style. More fun. More everything. We also manufacture many of our own components, so we have the freedom to conceive and design and build and create without limit. Our way of thinking lets us give you exactly the products you want. Which, in the end, are exactly the products we want.

Samsung SCX-4216F

Copy, Print, Color Scan, Fax

A compact, flatbed, laser multifunction machine ideal for small businesses and workgroups.

SAMSUNG

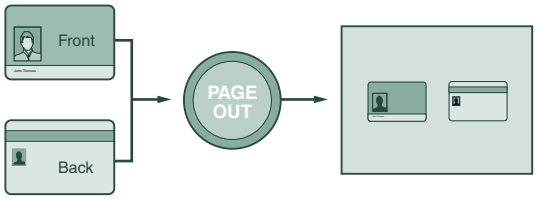
Samsung SCX-4216F
Copy, Print, Color Scan, Fax

Copy the front of an ID card. Copy the back. Staple the two sheets together and hope they never get separated. Or use the ID Card Copy feature on the Samsung SCX-4216F and copy both sides onto the front of a single sheet. That, and about a million other tasks, are made easier with this feature-laden, fast, compact and reliable new business tool. From Samsung.

SAMSUNG

More features. More productivity.

ID Card Copy Allows users to copy the front and back of identification cards, such as medical insurance cards and driver's licenses, onto the front of a single sheet.



Special Copy Features The versatile SCX-4216F offers extensive copy features such as Auto Fit Copy, Copy Collation, Clone Copy, Two Sided and Poster Copy.

Copy Zoom Enlarge or reduce original images from 25 – 400%.

Scan to Email You can easily send scanned images as attachments to email.

Scan to OCR (Optical Character Recognition) Scan printed originals to create a text document that can be edited in Microsoft Word or other word processor application.

Scan Graphics 256-level grayscale provides excellent photo reproduction.

Color Scanning You can scan in full color from either the flatbed glass or the Automatic Document Feeder at up to 24-bit, 4800-dpi quality.

30-Sheet Automatic Document Feeder Copying and faxing jobs are a breeze with the 30-sheet ADF.

One-Piece Toner Cartridge Samsung has combined the toner and drum into a convenient one-piece toner cartridge that yields 3,000 pages (at 5% coverage). The unit comes standard with a starter cartridge and the toner cartridge is easy to replace via the front panel.

SmarThru™ 3 Software This included software lets you work more efficiently with all-in-one versatility. It acts as an email client, scanning software package and image editor, and also provides a scan to email function and OCR capability.

Keeps saving you money.

Low Cost Per Copy The efficient SCX-4216F yields an economical cost per copy that helps lower your total cost of ownership.

PaperSave Receive and print two images of incoming faxes or copies on one side of a single page.

PowerSave Saves money by shifting to PowerSave mode at a preset interval.

TollSave (Delayed Transmission) Send a document at a later time to take advantage of lower phone rates.

TonerSave Extends the life of your toner cartridge up to 40% when used consistently.

Performs as good as it looks.

Small Footprint, Stylish Design The SCX-4216F packs plenty of powerful features into an attractive, two-tone, compact business machine that measures just 18.7" wide x 17.2" deep.

Bypass Tray Conveniently allows the use of envelopes, cardstock, letterhead, transparencies and other special media.

Standard Parallel and USB Ports Lets you print from and scan to your PC much faster than with a traditional serial interface. TWAIN-compliant drivers are standard.

Universal Paper Cassette A user-selectable 250-sheet paper cassette allows easy loading of either letter or legal-sized paper.

Full-featured fax.

Fax Broadcasting Transmit the same document to as many as 109 phone numbers without having to refeed your original.

Fax Forwarding Never miss an important fax. Important documents can be forwarded to and received from a fax machine that you'll be near.

Battery Back-Up Store incoming faxes in memory and print them at a later time, in the event you run out of paper or experience a power interruption.

Low Toner Notification Automatically faxes a notice to your supplier when the unit is running low on toner, so you can enjoy worry-free peace of mind.

Speed Dial Programming Store often-dialed numbers, then fax to them with ease.

Transmission Confirmation Report User-selectable feature automatically prints a confirmation report that includes an image of the first page, so you can be sure your fax was received.

Remote Programming Gives you the option of programming speed dials, fax settings and other data from your PC, instead of having to program the unit on the front panel.

Security Receive Lets you set a user-controlled password so only the right person can print a fax.
